

Child Safeguarding Statement 2023

Horse Sport Ireland provides sporting activities and opportunities for children and young people through participation in our Affiliates and their clubs, branches and regional events and with our representative teams at national level. Horse Sport Ireland is committed to safeguarding children and young people. All our affiliated bodies and their member bodies work under the guidance and policies of our Safeguarding Policies and Procedures. All our volunteers' and staff working with children throughout the organisation seek to create a safe environment for children and young people to participate in equestrian sport.

We have completed a Safeguarding Risk Assessment that indicates the areas of potential risk of harm, the likelihood of the risk occurring and gives the required policy, guidance or process documents required to alleviate these risks. The list of risks identified are contained in the following categories: Club and Coaching Practices, Complaints and Disciplinary, Reporting Procedures, Use of Facilities, Recruitment, Communications and General Risk of Harm

We have the following procedures in place as part of Horse Sport Ireland Safeguarding Code in addition to our Risk Assessment outlined above:

- Procedures for the management of allegations of abuse or misconduct by staff or volunteers against a child availing of our activities
- Procedures for the safe recruitment of staff and volunteers to work with children in our activities
- Procedures for access to child safeguarding training and information, including the identification of the occurrence of harm
- Procedure for reporting of child protection or welfare concerns to the Statutory Authorities
- Appointing Children's Officers at Affiliate level and Branch/Club/Regional Level who are the point of contact in respect of Safeguarding for the relevant body and for this statement

The Horse Sport Ireland Mandated person, who under the Children First Act 2015 has a legal obligation to report harm of children is Paul Hayes
